

Manager Management Workshop

With this course you will be able to provide the skills, guidance, and empowerment to your team of managers. They will then be better suited in leading and motivating their team and thus produce fantastic results. To be a successful manager means having a wide range of skills. Through this workshop you will be able to disperse your knowledge and experience throughout your leadership team.

Manager Management takes a special type of leader. This workshop will expand your participant's knowledge and provide a way for them to teach and lead new and experienced managers. As every manager knows that learning never stops, this workshop will have something for everyone.

Workshop Objectives:

- Welcome and orientate new managers
- Skills and tools for successful coaching and mentoring
- Measure and evaluate performance
- How to handle complications
- Communicate between employees and their managers
